Stovall Is Blamed

K ANSAS City, Feb. 6.—The rumor is current that George Stovall, manager of the Kansas City Feds, is to lose his job with the outlaws before the season opens because of his failure to land any players out of the Pacific Coast League. Stovall has been doing missionary work this winter in the Imperial Valley. He signed Roy Corhan and Ernie Johnson, and was supposed to have landed Walter Schmidt and Skeeter Fanning. Some one blabbed, however, and Corhan and Johnson are said to have jumped back. Now Stovall has no one in tow, and his associates are

Joe Wood Must Do Beaten 40 to 12 in Basketball

BOSTON, Feb. 6.—The fact that Joe Wood's effectiveness during the closing weeks of the last season was due entirely to the use of the emery ball, which is barred, makes it questionable that he will be of as much help to the Red Sox as is expected by the lowed up in good shape. Altogether Dartmouth played a disappointing game. The lineup: admirers of the team. Wood's best performances last season were due entirely to the advantage this forbidden delivery gave him. This has been admitted, and with the emery ball barred it remains to be seen if the former smoke ball artist still has the stuff

FOR MOTOR BOATING

Ing begins.

The Motor Boat Club of America will hold its racing this year on Manhasset Bay, where there is an ideal course. The races for the Gold Challenge Cup will be decided there, probably at the store of the plans that

the promoters have not yet determined. At present five members of the club have signified their intention of building T. B. Taylor has sold his fast cruiser basketball game here to-night, score in this class and it is hoped that there Flyaway III., and according to reports 38 to 31.

Many Boats Being Built and Older Ones Will Be in Commission.

Bay, where there is an ideal course. The races for the Gold Challenge Cup will be decided there, probably at the end of July, and in this race will be the two Blackton boats, with the Baby Speed Demon as the defender of the trophy; the Ankle Deep Too, now building for Count Mankowski; a new boat to be built for cruising undoubtedly will take part in the cruising races, and as there is little likelihood of a race being arranged this year for the British international trophy, which now is held in Crouch designs, as well as others. This will be the first big motor boat race held close to this city and with ten or twelve.

will be the first big motor boat race held close to this city and with ten or twelve of these filers racing for three days it is expected that there will be a big crowd of excursionists to Port Washington, from which place the races can be viewed.

The outlook for the sport of motor boat many of the boating this year is remarkably bright at present. Many boats are being built, others are projected and many of the older ones will be in commission. The sport will start this year with the trip of the Cruisette to Bermuda and after that event is off the programme the racing will begin.

The Motor Boat Club of America is promoting a small class of speed boats which has been very popular and, failing that event is off the programme the promoting a small class of speed boats which are to cost \$999 each. They are to be of one design about twenty feet in length, but what plan will be selected or what engines will be used.

A class of thirty foot cruisers is being promoted and if successful there to cost \$3,000 each. Wilbur H. Young the promoters have not yet determined.

Effective February 1

Reduction No. 3 On Goodyear Tires

Making Total Reductions 45 Per Cent. in Two Years To Give Always the Most for the Money

We are glad again—for the third time in two years—to announce a big reduction on Goodyear tires, effective February 1st.

Goodyear policy on price is to give the utmost in a tire at the lowest possible profit. Our reductions are made to that end, without ever reducing the quality.

That always means, with our matchless output, more for the money than any other maker can give.

As rubber came down our prices came down. As our output multiplied, reducing factory cost, our prices came down with it. In two years our reductionsincluding the present-have totaled 45

Last year we increased our output 26.6 per cent. A few days ago the embargo on rubber was modified so that supplies seem assured. The market price for rubber seems for a time established. Fabric costs less than last year. So, under our minimum profit policy, we announce this new reduction.

Only Fair Basis

We consider profit margin on a tire the only fair basis. We keep that margin just as low as our line allows.

While we do that, Goodyear tires will always undersell any tires that compare with them. That is because we have the largest output. We have a new factory. modernly equipped. And we have worldwide facilities for buying rubber, of our extra grade, at the lowest market price.

For a long, long time most tires have sold much above Goodyear prices. Some have sold one-third higher. A few have sold lower, as some always will, because of less rubber, less quality. But we can and do, under all conditions, give more for the money than any rival tire can

The Best We Know

Goodyear Fortified Tires offer the best we know. They are built to give you the lowest cost per mile. They minimize tire trouble in five costly ways employed by no other maker. And they are always the same, regardless of price reductions.

Most tires will always sell higher, because of smaller output. Some tires will always sell lower because of lower standards. But we promise you that none will ever give better than Goodyear

This policy has made Goodyears the largest-selling tires in the world. It will make them more so as more men find them out.

Ask your Goodyear dealer for our new price on the size you buy.
